

# **NARFE Chapter 256 Program**

**November 20, 2023**

**Title:** Northern Integrated Supply Project: providing water to Northern Colorado

**Speaker:** Jeff Stahla, Northern Water Public Information Officer. Jeff Stahla is a native of Greeley and a graduate of Colorado State University. Before joining Northern Water in 2017, he served as an editor at the Loveland Reporter-Herald for nearly 20 years.

**Overview:** As Northern Colorado grows, communities are looking for solutions to help ensure their residents both longtime and new arrivals have the water they need, but not at the expense of drying up the local agriculture industry. The Northern Integrated Supply Project helps to meet those goals, and permitting agencies at the federal, state and local level agree that it can be done in a responsible manner. Learn more about this generational water project from the source.

The meeting format is: doors open by 11:00, with a buffet lunch from about 11:30 until 12:00, followed by a guest speaker from 12:00 until about 12:45, and then a short business meeting until 1:15 adjournment.

The cost for lunch is \$10.00 per person for now, (with the chapter subsidizing an additional \$8.00).
